

Jr. Lutherans

Fall League 2018

Junior Lutherans is a fun and competitive learning experience with Lutherans your age. We practice as a team and compete with other churches in the area. We use buzzers like on a game show and you get a book with all of the answers!

This team is serious, the material is important. Through these questions and answers, St. John's quizzers learn more about Scripture and the Small Catechism. This makes Catechesis easier for you and strengthens your Lutheran faith and understanding.

Your responsibilities are to:

- Study at home
- Have home devotions—you can use the Jr. Lutheran material for this!
- Quiz your parents, quiz your friends
- Come to practice, ready to have fun
- Go on field trips to compete

We will track and reward your memorization progress. When will you get the first 100 questions under your belt? How many achievement buttons will you collect?

You are being drafted onto Team St. John's Topeka in the Kansas Junior Lutheran League, through December 2018. Check the following boxes if you are ready to accept this challenge:

- I will review the quiz book on my own and with my parents
- I will attend Jr. Lutherans at Sound Words Academy every Wednesday
- I will be respectful to leaders and respectful and encouraging to my peers

BONUS CHALLENGE! Draw Luther's Rose here:

Jr. Lutherans

Fall League 2018

Junior Lutherans is a fun and competitive learning experience with Lutherans your child's age. We practice as a team and compete with other churches in the area. We use buzzers like on a game show and we are looking to be champions!

This team is serious, the material is important. Through these questions and answers, St. John's quizzers learn more about Scripture and the Small Catechism. This prepares them for Catechesis and strengthens your Lutheran faith and understanding.

Specifically, this structured approach of Jr. Lutherans helps your quizzer(s) to learn bible verses, facts about Lutheran theology and history, compete graciously and with integrity, gain team skills, have selflessness through good sportsmanship in success and failure, gain public speaking experience and confidence, and achieve information retention with study skills. We are asking for **your** commitment and support for this effort.

As parents of Jr. Lutherans, your responsibilities are to:

- Have home devotions with your family—you can use the Jr. Lutheran material for this!
- Ensure study time at home
- Quiz with your child, encourage the progress
- Deliver children to Sound Words Academy on Wednesdays on time
- Commit to supporting practice sessions and competitions with participation and presence

This is an agreement to participate with Team St John's Topeka in the Kansas Junior Lutheran League, through December 2018. Last year was an introductory trial run; this year is the next level up with varsity level training and competition. We need your dedication and support and ask that you agree to help us out:

I will review the quiz book with my child

I will find a way for my child to attend practice and competitions and will myself be actively involved
